Tools: Git, GitHub, Vercel, Netlify, Firebase Hosting, Figma, Adobe XD, Vitest, Lighthouse

PROFESSIONAL EXPERIENCE

Full-Stack and Webflow Developer | Softvence (1 Jan 2025 - Present)

Company Business: Software Company **Department:** Operation

Location: Ambon Complex, Mohakhali, Dhaka **Area:** Web Application Development

- Specialized Full-Stack and Webflow Developer focused on building high-performance, visually engaging digital experiences.
- Engineered 40+ custom Webflow websites using advanced CMS structures, interactions, and custom code integrations.
- Applied a strong Frontend foundation in HTML, CSS, and JavaScript to tailor complex UI components.
- Used Backend knowledge across databases, APIs, and server-side logic to enable third-party integrations, dynamic data handling, and robust web applications.

Frontend Developer | ORBIK (1 Sep 2023 - 31 Dec 2024)

Company Business: Software Company **Department:** Operation

Location: Remote **Area:** Web Application Development

- Collaborated as a Contract Frontend Developer, contributing to the development and frontend architecture of core digital platforms.
- Translated complex design systems into clean, high-performing, and responsive web components using HTML, CSS, JavaScript, and Webflow.
- Focused on optimizing site speed, cross-device compatibility, and smooth interactive UI elements.
- Worked to ensure a premium user experience for a global brand.

KEY ACHIEVEMENTS

- Built production REST APIs using Express.js and MongoDB with optimized database indexing.
- Implemented JWT authentication, protected routes, and RBAC dashboards.
- Created automated tests using Vitest and React Testing Library with 60%+ coverage.

PROJECTS

AppStore Platform

<https://thriving-hamster-fc7ee4.netlify.app/>

AppStore Platform lets users browse, install, and review apps with a sleek SPA interface. An interactive AppStore SPA where users explore, install, and review apps across categories.

ServiceHub

<https://service-assignment-f070a.web.app/>

ServiceHub connects users with service providers, offering booking, task management, and secure authentication. A full-stack service booking platform where users book services and providers manage assigned tasks.

Garden Hub Platform

<https://garden-hub-53195.web.app/>

Garden Hub is a scalable marketplace for gardening products with secure authentication, payment integration, and an admin dashboard. A full-featured e-commerce platform with user authentication, payment processing, and admin dashboard.

EDUCATION & TRAINING

Bachelor of Science (B.Sc.)

Govt. Titumir College, Dhaka, Bangladesh

Full-Stack Web Development Bootcamps (Batch 11 & Next Level Batch 6)

Programming Hero

Coursework: Modern Frontend Frameworks, REST API Design, Server Administration, Advanced Webflow Engineering, Data Structures & System Patterns
